SUMMARY & OBJECTIVES

- 🚀 My Experience is all around Freelancing Projects. I have successfully delivered high-quality web solutions for a diverse range of clients, including startups, small businesses, and individuals.
- 💡 Creative Technologist: Melded creativity with technical prowess to craft visually appealing and user-centric websites.
- 🌐 Responsive Design Expert: Ensured mobile-friendly websites adaptable to various devices and screen sizes.
- 🔗 API Integration Specialist: Seamlessly integrated third-party APIs, including payment gateways and social media platforms.
- ⚡ Speed Optimization Guru: Prioritized fast loading speeds for enhanced user satisfaction.
- ✨ Clean Code Advocate: Developed modular and well-documented code for maintainability and scalability.
- 🌐 Cross-Browser Compatibility Pro: Rigorously tested on major browsers, ensuring a consistent user experience.
